

Dr Songqiao Yao

The winner of this prize gets to virtually take a 'wild ride' around the world in a 30-minute private Zoom call with a real-life worldwide adventurer and educator - **Dr Songqiao Yao**! Songqiao leads expeditions to Antarctica, the Himalayas, and the Rainforest to teach students about climate change and sustainability issues. She founded WildBound (<http://www.wildbound.earth/>) in Beijing, and works with schools, companies, artists and scientists together to build a "sustainable forest" to help humans live in harmony with nature.
